

THE WINSLOWS IN ZIHUATANEJO MEXICO

March 2007

Hi from Zihuatanejo,

Already 2007 has had some interesting changes take place, some good, some waiting for God's timing still. Here the ladies of our church do a special dance for our 9th church anniversary, that was put together by Olivia. They danced three times in public including Marcos' Wedding.

Below Left: – Olivia and Josiah's band called 4x1 played at the church anniversary we had in Jan. Invitations are coming in from all around for them to play. This month they will play three times in Christian and non Christian events. Pray for their strong witness.

Below right-Welcome back Bill and Jane Rice. It is a big blessing to have them back with us helping in everyway possible.

In Feb. A combined group from NH, Monadnock Full Gospel and The Potter's House came for a mission trip. They came down and helped us move from the cinema to our new location: which by the way is a perfect location. The old nightclub that we moved into needed a lot of work and they were just the group to help out. Not only did they keep busy fixing up the building in the day, at night they were busy with evangelism using dramas, testimonies and preaching the word of God.

Above left- Lindsay, who helped the group with dramas, gives her testimony, encouraging Christians, especially the youth, to keep falling in love with Jesus even though they may have walked with Him for years.

Top right - the group does dramas inside and outside the church with great response, many received Jesus. We must admit some of these dramas drew many tears from those watching.

Below left- Altar work at one of the services. Many came night after night, as a result there were many testimonies of God's provision from the times at the altar.

Below right -The group from NH in their ministry attire with the Winslow family.

First Mega Church in Zihuatanejo

Above left- We left the “mega” from the old “Mega Shoes” sign that rented there before we did, and placed our “Calvary” sign next to it, if anything for the positive faith confession, “Mega El Calvario”, the first mega church in the area. 😊

Above right- Caleb, along with one other, is selected to go on the radio with his baseball trainer about the upcoming regionals in Mexico City. Here he is speaking over the airways about playing baseball.

Below left- Caleb on first base- though he played well, as a team they did not qualify. However, Caleb does have an opportunity to play for another team in July at the baseball Olympics.

Below right- Carlos Elias takes the purity pledge. Many teenagers, guys and girls have taken the vow of purity till they are married here at our church. For all of them it has come out of their own heart, desiring to make the pledge. Here Elias seals his vow in front of the congregation with a ring. Praise God for the pledges they have made to make such a serious step toward the Lord during their youth.

Below left– Marcos, who has been a member of our church for a long time, ties the knot to Elena, a beautiful woman of God, on a very elaborate beach side wedding. We're proud of the way they conducted themselves during their courtship and how they took the time to make sure it was God's will for them to be married and not just assume it. Though it took time to wait for God's indicated person, we are sure that they will have a long blessed life together. Olivia, Josiah and Lysandra are among the wedding party.

Below right– Dave Jacobs from Overcomers International comes down with wife Debbie and ministers to the church. They are working at implementing low cost water treatment systems for local schools in the remotest parts of Mexico.

As we have mentioned – we have moved the church to a new temporary location out of the cinema. This place is much more central and extremely visible. It attracts many people. Last service alone there were 8 new visitors, 5 that just wandered in. Pray that the new people coming in stay with the Lord. Since it was once a restaurant disco, we have decided to use it on Saturday nights as a Christian coffee house where local Christian bands can come and play. Please pray for us at this location as well. We desire to purchase property where we can worship and a place to call our own.

Thanks for all your prayers and support–Establishing the Kingdom of God here in Zihuatanejo Mexico,
The Winslows
